### **Internal Photos**

The image shows a custom electronic circuit board, possibly a portable music player or a similar audio device. The board is green and populated with various components:

- Central Processor:** A large integrated circuit (IC) labeled "ISSC" is the central component.
- Memory:** Several memory chips are visible, including one labeled "256K" and another labeled "128K".
- Connectors:** A USB port is located on the left side. A 3.5mm audio jack is on the right side. A small white connector is at the bottom.
- Power and Control:** A small battery symbol (BAT) and a power switch (ON/OFF) are visible. A speaker is connected to the bottom right.
- Other Components:** Various resistors, capacitors, and smaller ICs are scattered across the board.

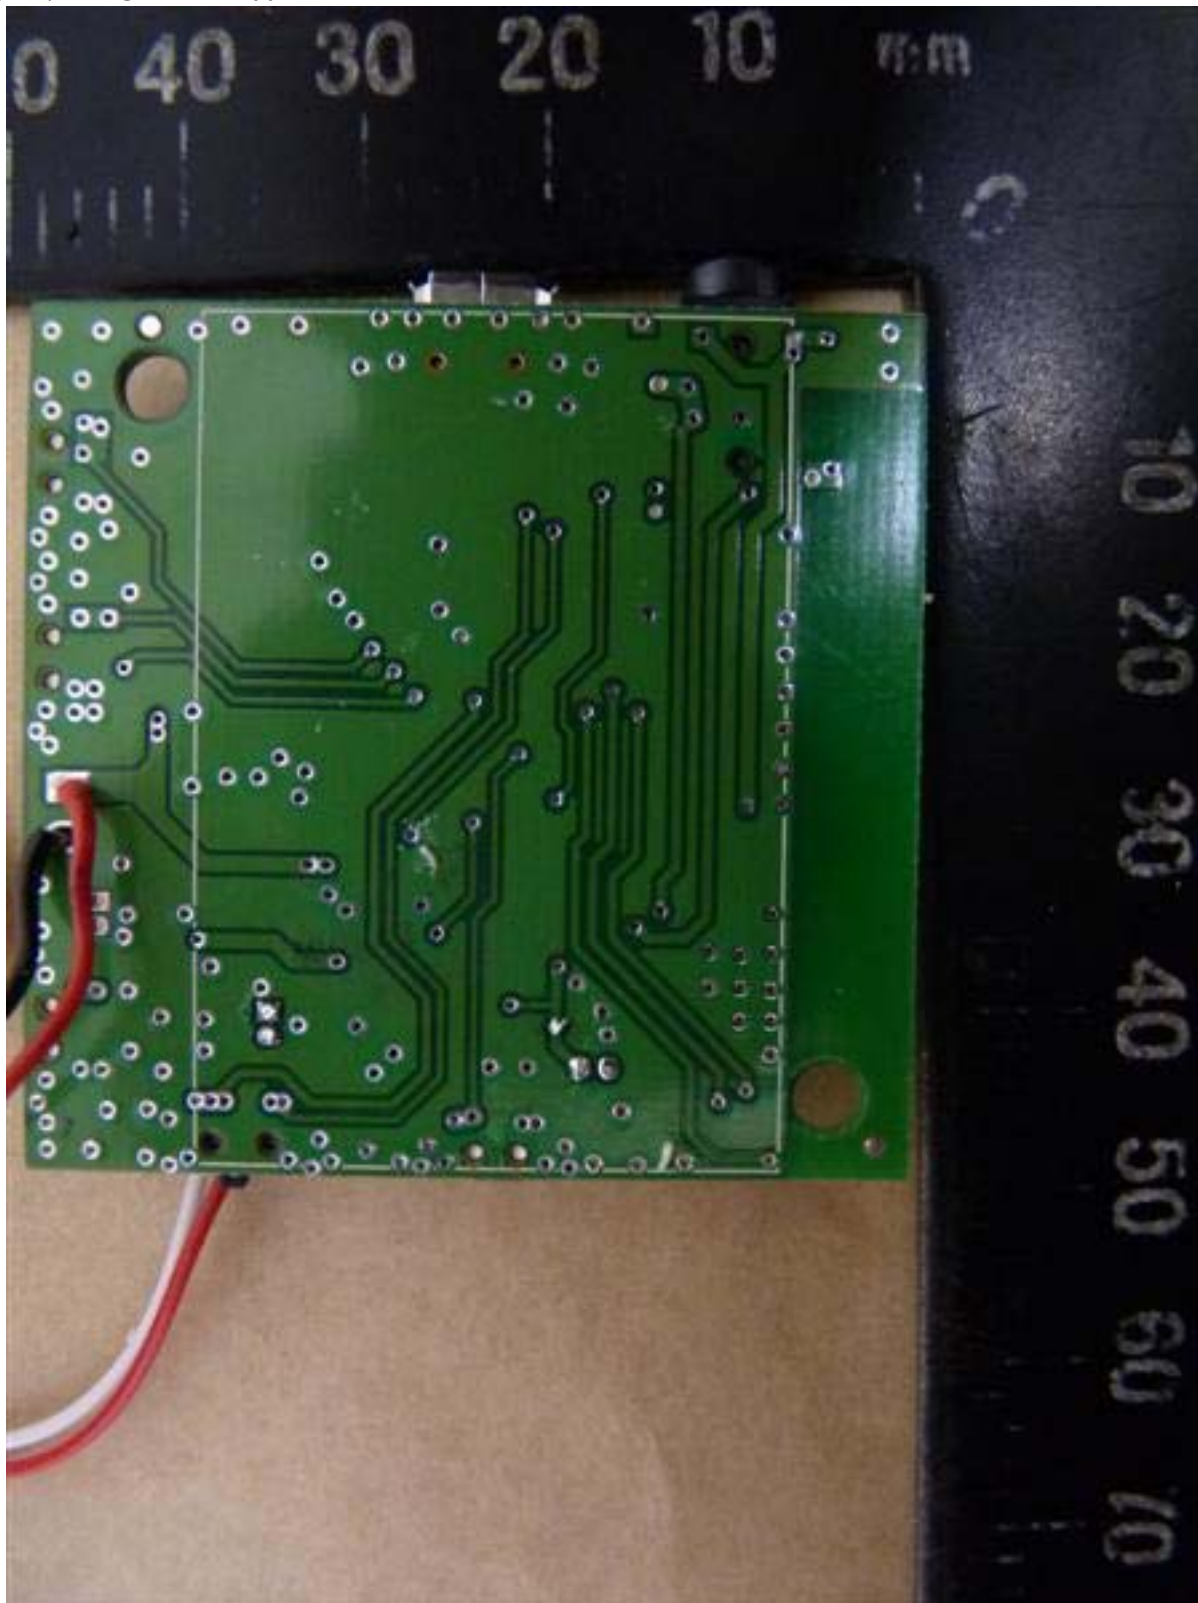

The board is connected to a red and white cable. The background is a black surface with white markings, including a ruler scale and some text.
